

FINALLY A COST EFFECTIVE PLANTING SOLUTION

As the need for *speed and quality* in the landscaping industry increases, more and more companies are turning to our planting services and labour hire to provide more *cost efficient results*.

Greenstaff Labour Hire has offered professional and reliable planting services to landscapers throughout NSW for years...soon you could be taking advantage of this efficient and productive service.

The benefits of our planting services are:

- **NO SUPPRISES.....Fixed price** quote at the start
- **HIGH QUALITY..... No sacrificing of quality for quantity**
- **EXCELLENT COMMUNICATION.....You are kept informed** regularly each day on performance
- **WORK METHODS.....Planting specifications are agreed** upon at the beginning, and maintained through out the job

We are paid per plant so it is in our best interests to get it right for you the first time, every time.

With our expanding planting division we now offer you a full package from reading plans, placing and laying out of plants, applying fertilizer and/or water retention crystals/tablets, bagging and staking, applying weed mat. Let us know what your planting requirements are and we will meet them.

Wouldn't it be great if every time you hired labour, you had a guarantee on their performance?

Our current clients choose Greenstaff for our:

- **Industry Knowledge**
- **Quality Service**
- **Reliability**
- **Flexibility**

With our reliable and flexible staff, we are always available – no matter what!

It is through our methods and commitment that we continue to establish Greenstaff Labour Hire as a strategically focused organization, which will *exceed your expectations!!*
